ABOUT MY PROGRAM

English

ADSO

my training program is adso 2078263; this program teaches the fundamentals of being a good software developer.

PROGRAMMING LANGUAGES

In our training we will learn several programming languages, these are the most used at the moment

SOFTWARE DEVELOPMENT METHODOLOGIES

The program emphasizes agile methodologies, teaching us how to manage projects efficiently. We learn about Scrum, Kanban and other frameworks that help deliver projects on time and on budget.

DATABASE MANAGEMENT

We are also trained in database management, learning how to design, implement and manage them. This is crucial to develop applications that handle large amounts of data efficiently.
